1. You take the item away with you and the signatures are written on with the pencils provided. The area for the painted design can be marked off so that nobody writes in that area. We also need a clearly written list of signatures in case we can't read them.
2. On returning the item, we take details of design/wording in the centre and the colour scheme required. We can help you if you're not sure what you want. We paint over the signatures with ceramic paints – the pencil will disappear on firing. You can also choose your gift- wrapping
3. The completed item should be ready within 2 weeks of returning the plate – we will ring you when it is ready.
